- 1-2 mud tools, metal paisley shape serrated rib
- Any favorite detailing tools
- 1- wire clay cutter
- 1-dowel style rolling pin
- An assortment of scoring tools
- 1-D"s texturing tool, available at The Ceramic Hobbyist
- 1- Quality chopstick
- 1- Wooden rice paddle, or flat wooden spoon
- 1- Round brush, white nylon bristle size 6, available at Ben Franklin

* Note from the Instructor: For new comers to hand building you can go to The Ceramic hobbyist located 1204 Kona St, Honolulu, HI 96814. You can ask them for suggestions on beginning hand-building tools and they will show you what I use. I've been buying supplies from them for near 15 years now so you're in great hands with them. Not to worry though you won't need too many tools to start.

Painting Supplies

- A pallet of assorted Duncan E-Z strokes under glazes
- Your favorite liner brushes
